

Dimensions:  
Finish available in all paver  
products made by Basant Betons

Colours:  
Available in various combinations  
of base and chip colours

## Washed Pavers

An all-new product, now in India only at Basant Betons. These pavers are gently 'washed' with water after being pressed, to create a unique aesthetic of exposed coloured chips. The base colour of the pavers and the colour of the chips can be customised to your requirement.

Suitable for walkways, gardens, patios.
